CANADIAN SOCIETY OF PETROLEUM GEOLOGISTS **MEMOIR 3**

The proceedings of the **Oil Sands - Fuel of the Future** Symposium sponsored by the C.S.P.G. is contained in **Memoir 3**. The book includes 19 papers - most of which discuss the Athabasca Tar Sands and the heavy oil of Alberta and Saskatchewan. Approximately one-third of the book's pages cover such topics as Venezuelan heavy oil, heavy crude in Cherokee rocks of Kansas, a geochemical paper and a thorough world review of major oil sands deposits.

This hard-covered, well presented volume has more than 200 diagrams and figures. It is an almost indispensable book for the libraries of professionals and management interested in oil sands development.
