TRAINING COURSES . . .

Designed primarily for geoscientists from developing countries, and run mainly on a post-graduate level.

- Signifies first announcement in *EPISODES*.
- ★ For further details, see *EPISODES* April, 1982.

September 1982 - October 1982

- ★ **GEOTHERMAL ENERGY** (Kyushu, Japan): Short course organized by Japan in cooperation with Unesco. English.
For Information: UNESCO, 7 place de Fontenoy, 75700 Paris, France.

September 1982 - August 1983

- ★ **MINING EXPLORATION AND EXPLORATION GEOPHYSICS** (Delft, The Netherlands): Diploma courses organized by the International Institute for Aerial Survey and Earth Sciences. Sponsored by Unesco. English.
For Information: ITC Students Affairs, P.O. Box 6, 7500 AA Enschede, The Netherlands.

September 27, 1982 - October 15, 1982

- **GEOLOGICAL INTERPRETATION OF REMOTELY SENSED DATA** (Nairobi, Kenya): A regional training workshop sponsored by Unesco and the regional Remote Sensing Facility of the Regional Center for Services and Mapping, Nairobi, Kenya. English.
For Information: Unesco, Regional Office for Science and Technology for Africa, P.O. Box 30592, Nairobi, Kenya.

October 1982 - September 1984

- ★ **FUNDAMENTAL AND APPLIED GEOLOGY** (Brussels, Belgium): M.Sc. course organized by the Institute of Fundamental and Applied Quaternary Geology (IFAQ) at Vrije Universiteit Brussel. Sponsored by Unesco and Belgium. English.
For Information: Prof. Dr. R. Paepe, Director of IFAQ, Kwartairgeologie, Vrije Universiteit Brussel, Pleinlaan 2, B-1050, Brussels, Belgium.

October 1982 - November 1982

- ★ **TRAINING COURSE ON SEISMOLOGY AND GEOPHYSICS** (Potsdam, G.D.R.): Short course organized by East German Academy of Sciences and in collaboration with Unesco. English.
For Information: Prof. Dr. H. Kautzleben, Director, Central Earth's Physics Institute, Academy of Sciences of the German Democratic Republic, Telegraphenberg, DDR 1500 Potsdam, G.D.R.

October 4, 1982 - November 5, 1982

- **REMOTE SENSING: GEOLOGIC INTERPRETATION** (Flagstaff, Arizona, U.S.A.): Advanced training course for foreign nationals. English.
For Information: Training Section, Office of International Geology, U.S. Geological Survey, 917 National Center, Reston, Virginia 22092, U.S.A.

November 1982 - December 1982

- ★ **METHODS AND TECHNIQUES IN EXPLORATION GEOPHYSICS** (Hyderabad, India): Diploma course sponsored by Unesco and India. English.
For Information: The Director, Regional Training Courses, National Geophysical Research Institute, Hyderabad, 500 007 (A.P.) India.

November 18, 1982 - December 9, 1982

- **SMALL SCALE MINING** (Bangalore, India): An international short course with 10 days lectures and seminars and 10 days field trips. Sponsored by AGID and Bangalore University. English.
For Information: C. Naganna, Director School of Earth Sciences, Bangalore University Jnana Bharati, Bangalore 560056, India.

November 22, 1982 - December 2, 1982

- **ROCK AS CONSTRUCTION MATERIALS** (Kuala Lumpur, Malaysia): A short course, sponsored by AGID, to help professionals and semi-professionals involved in the construction industry learn about types and sources of rock materials used for construction. English.
For Information: The Organizing Secretary ROCKCON, Geological Society of Malaysia, c/o Dept. of Geology, University of Malaya, Kuala Lumpur 22-11, Malaysia.

January 1983

- ★ **MODERN METHODS OF CAPTURE, STORAGE AND EVALUATION OF GEOLOGICAL, GEOCHEMICAL AND RESOURCE DATA** (Arusha, Tanzania): A two-week training course sponsored by COGEO DATA and Unesco.
For Information: G. Gabert, Federal Institute for Geosciences and Natural Resources, Stilleweg 2, Postfach 51 01 51, D-3000 Hannover 51, F.R.G.

January 1983 - March 1983

- ★ **REMOTE SENSING APPLICATION** (Enschede, The Netherlands): Certificate course on techniques for national resources surveys, organized by the International Institute of Aerial Surveys and Earth Sciences (ITC). Sponsored by Unesco. English.
For Information: ITC Students Affairs Office, P.O. Box 6, 7500 AA Enschede, The Netherlands.

January 24, 1983 - January 28, 1983

- **PRINCIPLES OF DATA PROCESSING FOR EARTH SCIENTISTS** (Reston, Virginia, U.S.A.): Training course for international scientists. English.
For Information: Training Section, Office of International Geology, U.S. Geological Survey, 917 National Center, Reston, VA 22092, U.S.A.

January 31, 1983 - February 25, 1983

- REMOTE SENSING: DIGITAL IMAGE PROCESSING** (Flagstaff, Arizona, U.S.A.): Advanced training course for foreign nationals. English.

Training Courses ...

For Information: Training Section, Office of International Geology, U.S. Geological Survey, 917 National Center, Reston, Virginia 22092, U.S.A.

February 1983 - November 1983

- **GEOTHERMAL TECHNOLOGY** (Auckland, New Zealand): Post-graduate course on utilization of geothermal energy for power generation. For nationals of developing countries or N.Z. with B.Sc. or B.Eng. degrees. Leads to Diploma in Energy Technology (Geothermal). UNDP fellowships available. English.

For Information: Director, Geothermal Institute, University of Auckland, Private Bag, Auckland, New Zealand.

February 1983 - November 1983

- **PHOTOINTERPRETATION APPLIED TO GEOLOGY AND GEOTECHNICS** (Bogota, Colombia): Short course organized by the Interamerican Centre of Photointerpretation (CIAF) in cooperation with ITC and Unesco. Spanish.

For Information: Academic Secretariat of the CIAF, Apartado Aéreo 53754, Bogota 2, Colombia.

February 1, 1983 - June 30, 1983

- ★ **MINERAL EXPLORATION** (Leoben, Austria): Diploma course sponsored by Unesco. English.

For Information: University for Mining and Metallurgy, Postgraduate course on Mineral Exploration, Montanuniversität, Leoben, A 8700, Austria.

February 15, 1983 - December 15, 1983

- ★ **GEOTHERMICS** (Pisa, Italy): Certificate course on geothermal energy sponsored by Unesco, UNDP and Italy. Spanish.

For Information: Istituto Internazionale per le Ricerche Geotermiche, I, Via Buongusto, 56100 Pisa, Italy.

March 1983 - April 1983

- ★ **MINERAL EXPLORATION** (Paris, France): Short course sponsored by Unesco. French.

For Information: Prof. H. Péliissonnier, École des Mines, 60 Bd Saint Michel, 75272 Paris, Cedex 06, France.

June 1983 - August 1983

- ★ **PRINCIPLES AND METHODS OF ENGINEERING GEOLOGY** (Budapest, Hungary): Certificate course sponsored by Unesco. English.

For Information: Hungarian Geological Institute, Néptársaság ut 14, P.O. Box 106, H 1142 Budapest, Hungary.

July 1983 - August 1983

- ★ **SUMMER COURSE ON EARTH SCIENCES: CRYSTALLOGRAPHY, MINERALOGY, METALLOGENY** (Madrid, Spain): Short course sponsored by Unesco. Spanish.

For Information: Departamento de Geología y Geoquímica, Facultad de Ciencias, Universidad Autónoma de Madrid, Canto Blanco, Madrid 34, Spain.

August 1983 - October 1983

- ★ **GEOCHEMICAL PROSPECTING METHODS** (Prague, Czechoslovakia): Certificate course organized by Geological Survey of Czechoslovakia and sponsored by Unesco, IAGC and Czechoslovakia. English.

For Information: GEOCHIM CSSR UNESCO, Geological Survey, Malostranské nám. 19, 118 21 Prague, Czechoslovakia.

KAIL AUTOFOCUS PROJECTOR MODEL K-A5

Transfer information from Aerial Photos to Map. Draft maps, drawings, information to the desired scale. The image of anything placed on the left glass plate may be projected onto the right glass plate to the size desired.

Scale range: 5X Enlargement to 1/5X Reduction

A motor-driven linkage keeps the image in continual focus through the entire scale range.

Geothermal Energy

our planetary resource and terrestrial power plant, is second only to the sun in magnitude of energy available. A multi-purpose heat source capable of utilization for electrical production, space heating and cooling, manufacturing processes and agriculture. Although the full potential of geothermal energy has yet to be explored, there is no doubt this resource will play a significant role in fulfilling our energy requirements in the coming years.

GEO THERMAL ENERGY MAGAZINE

For over five years, Geothermal Energy Magazine has provided complete coverage of geothermal developments. Drawing on the knowledge and talent of our staff, along with educators, scientists and businessmen, the magazine reports the most current research, experiments and developments occurring both domestically and around the world. Though our articles are accompanied with detailed graphs, maps and photos, one need not be a geothermal expert to understand the content.

GEO THERMAL ENERGY MAGAZINE is the first and only international monthly magazine devoted to all aspects of geothermal energy. With our wide network of news and information services, we are able to provide complete coverage on political, economic and governmental developments concerning geothermal energy as well as full information services regarding local and world conferences and symposiums.

PLEASE ENTER MY SUBSCRIPTION TO GEO THERMAL ENERGY MAGAZINE AS INDICATED BELOW:

Name _____
Address _____
City _____ State _____
Zip Code _____ Attn: _____

SPECIAL INTRODUCTORY OFFER — \$45 U.S. (\$70 Foreign) Annual Subscription with payment enclosed ☐ Check ☐ Money Order, Amount _____ Subscription(s) _____ Year(s) (Additional 10% Discount for 2 years)

☐ Please RENEW and extend my present subscription at SPECIAL OFFER rates. I am enclosing payment

EDUCATIONAL INSTITUTION Discount: 15% off regular rates if payment enclosed with this order including verification.

☐ Please bill me at regular rates ☐ Please send ADVERTISING Information. P.O. Enclosed

Annual subscription, U.S., Canada, and Mexico \$50. Foreign subscriptions (air mail) \$75.

PROGRAMME SPECIALIST NEEDED

UNESCO is looking for a Programme Specialist to assist in planning and executing a UNESCO programme concerned with the scientific study and mitigation of natural hazards, such as earthquakes, volcanic eruptions, landslides, etc., including their geological engineering aspects.

Qualifications and experience required include:

- University degree in geophysics, engineering geology or geology;
- Experience in field and/or laboratory research related to earthquakes, volcanic eruptions, and geological engineering aimed at hazard control;
- Experience in international scientific cooperation;
- Excellent knowledge of English and French; knowledge of other official languages of the Organization (which include Arabic, Chinese, Russian and Spanish) is an asset.

Annual remuneration exempt from taxation equivalent to \$35,135 (U.S.), \$32,822 (U.S.) if without dependents.

Candidates should send a detailed Curriculum Vitae with photocopy of diplomas and photograph to: *Chief PER/RFS, Bureau of Personnel, Unesco, 7 Place de Fontenoy, 75007 Paris, France*, before September 17, 1982.

American nationals should channel applications through: *Director, UN Personnel Policy and Recruitment Staff, Bureau of International Organization Affairs (10 EX), Department of State, Washington, D.C. 20520, U.S.A.*

THE DECADE OF NORTH AMERICAN GEOLOGY PRESENTS

DNAG SPECIAL PUBLICATION 1

Perspectives in Regional Geological Synthesis: Planning for *The Geology of North America*

Edited by A. R. Palmer

A valuable set of preview statements and/or annotated outlines describing the organization of geological information for the 20 volumes of regional geology in *The Geology of North America* to be published by DNAG.

DNAG Special Publication 1, iv + 176 pages, 8½ × 11", 1982, bound in leatherette cover, CIP, ISBN 0-8137-5201-9. Priced for ALL geologists \$7.50*

*special low price made possible by a grant from the GSA Foundation.

To order, mail check or money order in U.S. funds for full amount or include MasterCard or VISA account number, expiration date, and your signature. GSA Member discount allowed. Colo. residents add sales tax.

Order from: Publications Sales
Geological Society of America
P.O. Box 9140
Boulder, CO 80301

GSA/DNAG products still to come:
The Geology of North America—Continent/Ocean Transects
The Geological Map of North America—Centennial Field Guides

Geological Survey of Canada

A LEADER IN EARTH SCIENCE PUBLICATION

RECENT RELEASES

- Proterozoic Basins of Canada
- Sensitivity of Bedrock and Derived Soils to Acid Precipitation
- On the Frontier —
a collection of historic photographs
- Current Research (3 volumes annually)
- Uranium in Granites

"BUDDY SUBSCRIPTION" TO EPISODES

You have an opportunity to assist a fellow geoscientist in a developing country by paying for a "buddy subscription" to EPISODES - at a reduced rate.

The "buddy" may be designated - a specific person/institution/library in a developing country; or unspecified - a needy library will be selected in the donor's behalf with the assistance of AGID.

A 1982 "buddy subscription" is \$10.00 U.S. (prepaid).

I am interested in a "buddy subscription" to EPISODES for:

Name _____

Address _____

City _____ Province/State _____

Country _____ Postal Code _____

Subscriber's Name: _____

EPISODES

GENERAL INFORMATION

EPISODES (formerly Geological Newsletter) is published quarterly, at the end of March, June, September and December, by the Ottawa Secretariat of the International Union of Geological Sciences.

Subscription rates: Annual: \$15.00 (U.S.)
Individual Issue: \$3.75 (U.S.)
Back issues: Write us for information
(For convenience, use subscription form on reverse side)

Orders and payments should be sent to:
Editor, EPISODES
International Union of Geological Sciences
Room 177
601 Booth Street
Ottawa, Canada, K1A 0E8

Some IUGS Circular Letters (predecessor of Geological Newsletter) are still available, as well as Volumes 1967 to 1977 of the Geological Newsletter (each volume contains 4 issues). Please direct inquiries to the Editor.

Advertising rates are as follows:

Single Insertions:

\$275.00: back cover, full page, black on yellow background only; \$140.00 for each additional colour

\$250.00: inside back cover

\$225.00: full page (23x18 centimetres)

\$125.00: half page (11.5x18 centimetres)

Consecutive:	Four Issues	Three Issues	Two Issues
back cover:	\$900.00	\$775.00	\$525.00
inside cover:	\$800.00	\$700.00	\$475.00
full page:	\$700.00	\$625.00	\$425.00
half page:	\$400.00	\$325.00	\$225.00

Should you wish to use text only, our columns are 8.5 centimetres wide, and the charge is \$1.50 per line, \$75.00 per half column, or \$125.00 per full column. Graphics should be supplied in camera-ready form; if not, preparation costs will be charged to the advertiser.

CORRECTION ...

In the April issue of EPISODES, the photo of the IUGS Executive Committee on page 27 was inadvertently reversed. Caption beneath photo should have read (l-r): **J.A. Reinemund**, Treasurer (U.S.A.); **D. Shook-Wiercimok**, Executive Assistant (F.R.G.); **P.E. Howard**, Australia Vice-President; **G. Kautsky**, Vice-President (Sweden); **E. Seibold**, President (F.R.G.); **V. Menner**, Vice-President (U.S.S.R.); **L. Bourlard**, Assistant Secretary (France); **C.C. Weber**, Secretary General (France).
